The product or results of the project are well defined. Goals (sometimes referred to as "outputs") are grouped into four categories:

- Behavioral – A human action is anticipated
- Performance – An expected proficiency level is expected
- Process – The manner in which something occurs is an end itself

- **Sustainability**

Does the project show potential to help the organization become more secure and sustainable in delivering their mission over the long term?

- **Collaboration**

Make sure partners have been logically selected and are appropriately engaged. The extent of partner buy-in should be significant, and there should be demonstrated value in working together to create more effective project results.

- **Foundation Acknowledgement**

Ongoing communication and a variety of communication venues should be planned to acknowledge the grant funding and express thanks to the Foundation.

- **Budget & Requestor Investment**

The requesting organization should contribute a minimum of 25 percent of estimated project expenses. Expense items should reflect reasonable and frugal use of funds, the overall budget must demonstrate a practical business plan, the amount of the grant request should be reasonable, and adequate explanation should be given for the budget in the budget narrative section.

- **Charitable Interest Alignment**

Your project should align with the overarching goal of the Lutheran grant Program to help Lutheran nonprofit organizations become more secure and sustainable in delivering their mission by helping them to understand, expand and strengthen their capacity and resources.

Charitable Gifting Initiative Grant Program

Introduction

Loren Meade, in his book *Financial Meltdown in the Mainline*, suggests that the familiar forms of charitable gifting that have supported Lutheran churches, institutions and organizations through the years are facing unprecedented challenges. There is a growing concern for the decreasing stewardship and charitable mindset among Lutherans. It is, therefore, increasingly important to educate Lutherans about charitable gifting and motivate them to plan ahead.

Why People Give

The main reason people make charitable gifts that benefit an organization is to support their personal mission. Lutherans have provided billions of dollars in support of institutions and organizations over the years. Unfortunately, most individuals are unaware of the variety of avenues for making donations that could provide even greater benefits to the donor, as well as the Lutheran organizations they support.

In most cases, individuals make charitable gifts not for their own benefit, but for the benefit of a specific organization. However, when Lutherans become familiar with the benefits related to charitable gifting, they can enhance the effectiveness of their gifts and decrease their cost of giving, either during their lifetime or through their estate. In addition, knowing and understanding the rules can help individuals avoid unexpected or adverse tax consequences, thereby preserving the spirit of goodwill and commitment that is the true basis of one's charitable giving.

Charitable Gifting Options

There are many charitable gifting options available to maximize one's charitable gift. Some strategies are simple, others require the assistance of financial service, tax and legal professionals. To enhance the benefits of charitable giving, individuals should consider all of their alternatives, including traditional gifts of cash. Individuals also may want to consider donating different assets or making a gift in a different form that may allow them to:

- Achieve higher current income tax benefits
- Obtain estate tax deductions
- Give to a charity while providing for themselves or their heirs

What is the Thrivent Financial for Lutherans Foundation?

Founded in 1982, the Thrivent Financial for Lutherans Foundation operates exclusively for charitable educational and religious purposes to help improve the health and vitality of Thrivent Financial's key communities—the Lutheran community, the Fox Cities of Wisconsin and the Twin Cities of Minnesota. Grants are provided for projects and missions that reflect Thrivent Financial's charitable interests.

Mission

The foundation will operate exclusively for charitable educational and religious purposes to help improve the health and vitality of Thrivent Financial's key communities.

Vision

Thrivent Financial for Lutherans Foundation grant programs will reflect the charitable interests of Thrivent Financial, its members, workforce and the needs of Thrivent Financial's key communities.

Goals of the Charitable Gifting Initiative

The overarching goals of the Charitable Gifting Initiative are to

- Educate and motivate individuals regarding charitable gifting options, and to

Program Guidelines & Requirements FAQs

Q. Who is eligible for grants through this program?

- Lutheran nonprofit organizations that are exempt from federal income tax under section 501(c)(3) of the IRS Code.
- Lutheran judicatories, congregations and some inter-Lutheran entities which are considered integrated auxiliaries of the church.¹
- Small church bodies that have fewer than 100,000 baptized members

NOTE: Organizations that have a current grant project active under this grant program are **NOT** eligible to apply for a new grant through this program until the project is complete and the final grant report has been submitted to Thrivent Financial for Lutherans Foundation

Q. What determines if an organization is "Lutheran"?

The Lutheran identity of an organization is determined by at least one of the following criteria

- "Lutheran" appears in the name.
- The mission statement references a Lutheran connection
- The by-laws of the organization stipulate that a majority of the governing board are "Lutheran"

¹ An integrated auxiliary of a church means an organization is described in sections 501(c)(3) and 509(a)(1), (2), or (3) of the Internal Revenue Code, affiliated with a church or a convention or association of churches, and internally supported.

Q. Has your organization consulted with a financial services organization and/or a foundation in offering charitable tools, solutions and/or services to individuals?

- Grant requestors **must** consult with and form a cooperative relationship with a representative from a financial services organization and/or a foundation in offering charitable tools, solutions and/or services to individuals. A representative from that type of organization should be involved in planning the grant project. Thrivent Financial for Lutherans, The Lutheran Community Foundation, ELCA Foundation, LCMS Foundation, and WELS Foundation are examples of organizations with expertise in charitable tools, solutions and services.

NOTE: Applications indicating consultations with Thrivent Financial for Lutherans financial services representatives or agents will not be favored over other grant requests.

Q. Is your organization currently engaged in a grant project funded by the Charitable Gifting Initiative Grant Program?

- Organizations that have a current grant project active under this grant program are **NOT** eligible to apply for a new grant through this program until the project is complete and the final grant report has been submitted to Thrivent Financial for Lutherans Foundation.

Q. What are some examples of projects this grant initiative would fund?

- A cluster of congregations with elementary schools join together to initiate a staffed fund-raising appeal. The objective is to permanently endow and support their athletic conference, enabling children to participate in a variety of sporting events. The annual earnings from the endowment would support administrative costs, sport officials' fees, rental and equipment fees, etc.
- A high school partners with member congregations within the high school association to establish a fund for continuing education for their faculty. Each congregation identifies a leader to be trained in charitable giving concepts so they can identify and encourage potential donors.
- A judicatory conducts a series of local educational seminars for congregational leaders. The seminars teach and motivate leaders to implement a charitable gift campaign within the congregation to help meet general or specific ministry needs. The congregational leaders are challenged and commissioned to plan, strategize and implement a charitable gifting appeal that will reap a preset total goal of immediate and deferred donations received from members.
- A judicatory, along with the church body foundation, partners with a local Lutheran camp to raise funds to establish and build a "campership" endowment for children from low-income families to attend summer camp.
- A college initiates a special funding appeal to endow a professor's chair for service learning within the department of education. This enables students training to be teachers to experience and learn the value of service learning in their own lives and in the lives of their future students.
- A Lutheran long-term care institution increases its fund-raising appeal to enhance and expand its offsite assisted-living chaplaincy and care programs.

Q. What types of project activities are *not* funded through the Charitable Gifting Initiative Grant Program?

- Grant funds may not be used as payment toward financial product premiums, consultant fees or other costs related to a financial product or charitable gifting solution or any expenses of donors.
- Capital costs involving the purchase of major equipment and furnishings and major facility construction or renovation.
- Existing or established programs or projects. Grant funds will not be provided as retroactive payment for programs and/or project that have already begun. **NOTE:** Expansion or enhancements of existing programs or projects may be considered if the project request clearly identifies how the program/project is being taken to the next level.

- Programs or projects sponsored by foreign agencies or institutions The institution or organization receiving the funds must be based in the United States and primarily responsible for implementing the project
- Ordinary and ongoing program or organizational operating expenses
- Financial subsidy for congregations or other organizations
- Lobbying or political activity of any kind
- Debt reduction or operating deficits
- Re-granting the grant to third party groups

While Thrivent Financial works with Lutheran congregations and institutions, it is not part of the Lutheran church. It does not take positions on matters of church politics, theology or doctrine. Thrivent Financial takes a neutral position on controversial issues where significant disagreement or debate exists. Therefore, the organization declines grants and gifts to projects that support positions not generally agreed upon in society at large. For more information, please refer to Policy on Grants and Gifts.

Q. What is the project length?

Charitable Gifting Initiative Grant Writing Criteria

Take time to fully understand the grant writing criteria that will be used by reviewers when evaluating your grant proposal

- **Organization Capacity & Project Explanation**

(Weight Factor 2)

Evidence that the organization (or organizational partnership or coalition) is committed and has the capability and leadership competence to conduct a successful project. Additionally, the project appears to be compelling, unique, and complementary to the requestor's developmental goals. Is this an organization that has the capacity to be highly visible and successful in the Lutheran community?

- **One-on-one Education & Motivation**

(Weight Factor 2)

Consider the number of individuals (relative to the size and capacity of the organization) that will be engaged in one-on-one appointments that help them learn and be motivated to respond to charitable gifting options. Decide if the type and scale of activities are practical and doable and whether or not the evaluation plan is well defined.

- **Education & Equipping Church Leaders**

(Weight Factor 1)

Consider the number of church leaders (relative to the size and capacity of the requestor) that will be educated and equipped with new knowledge, collaboration skills and techniques to support charitable gifting among constituencies. Determine if the activities are aimed at helping church leaders become charitable gifting advocates and helpmates for the overall grant project.

- **Generating Immediate or Deferred Gifts**

(Weight Factor: 4)

Because of its relative importance to the proposed project, this item is heavily weighted. Consider the size and capacity of the organization, the amount of the grant request, and the plans to educate and motivate individuals with the various charitable gifting solutions. Then decide whether the proposed number of projected donors and the monetary gifting goal is reasonable.

- **Action Plan & Sustainability**

(Weight Factor 1)

Action steps and target dates should be well planned, reasonable and logically ordered. Does the project show potential for a life as an ongoing program after grant funding has been depleted?

- **Budget & Organization Investment**

(Weight Factor 2)

Analyze the level of organization investment and the overall projected income/revenue for the project. Are other funders involved? Remember, the organization must contribute or generate a minimum of 25% of the total project costs as part of the project budget.

Expense items reflect reasonable and frugal use of available funding resources. The overall budget reflects a practical business case and plan, and it is reasonable to consider the grant request to be a fair and fitting amount. Adequate explanation should be given in the budget narrative section.

- **Charitable Gifting Consultation**

(Weight Factor: 1)

This is a grant project requirement. The applicant must consult with a representative from a financial services organization or a foundation in offering charitable gifting tools, solutions and/or services to individuals. The application should identify which financial services organization/person it will work with and how. Note: Applications indicating consultations with Thrivent Financial representatives or agents will not be favored over other grant requests.

- **Replicable & Adaptable**

(Weight Factor: 1)

Consider the potential for replication and the adaptability of the project by other, similar organizations.

- **Creative & Innovative**

(Weight Factor: 2)

The grant proposal should demonstrate a creative and inventive effort that will affect the number and amount of immediate and deferred charitable gifts.

- **Funding Value**

(Weight Factor: 4)

Is this proposal a good idea? Is it likely to be successful? Is this organization a good organization to invest in? Overall, is it worth it for the Foundation to fund this project?

All are critical factors in creating a bridge to economic independence. In particular, we support programs and organizations that promote ending homelessness, encourage financial wellness, and provide support for early childhood education

Homelessness is not merely the lack of shelter. It is caused by a variety of underlying, unmet needs—physical, economic and social. We support solutions that provide

- Affordable long-term housing for those of low and moderate incomes, aimed at self-sufficiency
- Transitional housing and related holistic/supportive services for homeless and precariously housed individuals and families, aimed at self-sufficiency

Financial Wellness

Becoming knowledgeable financial consumers and savers is a cornerstone to economic well-being. We support organizations and programs that provide

- Youth education that teaches responsible money management skills during the K-12 years
- Affordable financial services as an alternative to predatory financial programs

Early Childhood Education

It is critical that children entering school arrive with basic skills and be prepared to learn and thrive in the classroom. This increases the likelihood of longer-term academic success and, ultimately, a more productive workforce. We support

- Organizations that ensure affordable, quality childcare is available to all, particularly the working poor
- Programs that equip parents with information on school readiness and early childhood development parenting skills

Corporate Community Grants: Grant Writing Criteria

Developing a strong grant proposal takes time, dedication and coordination of several activities, such as planning, developing a budget, writing a proposal and, in many cases, reviewing and revising your proposal before you submit it. Take time to fully understand the grant writing criteria that will be used by reviewers when evaluating your grant proposal.

- Be sure to read and adhere to the grant program guidelines and requirements
- Avoid jargon and, if acronyms must be used, use the full name/title on first reference
- When writing, put yourself in the grant reviewer's place. If you weren't the one who wrote the proposal, would you have a good understanding of what your organization wants to accomplish? Would you fund the project?
- Establish and relate tangible, measurable project goals and clearly articulate each one. Focusing on your goals first will help ensure that your project is designed to reach those objectives.
- Be sure your project budget and budget narrative closely match your project goals. As you develop your budget, it may be helpful to create a worksheet that you can use to break down all related expenses, including staff and nonpersonnel expenses. Reminder: Include any additional expenses that may be incurred if you receive funding for your project.
- Give yourself sufficient time to develop your grant proposal in order to meet the grant submission deadline. Consider the time you may need to write and revise multiple drafts, gather relevant project information, and submit it through any internal review process that you may have in place.
- Ask other individuals (both those who are directly and indirectly involved in your project) to read your grant proposal before you submit it. Consider clarifying any areas that raise questions or are not clear to the reviewer.
